

JET FUNDING PLATFORM WEBINAR

AGENDA

Item	Detail	Presenter	Time
1	Introductions and Welcome	Ollie Madlala	10h00 - 10h05
2	Funding Platform Presentation	Nunu Ngoasheng	10h05 - 10h15
3	Funding Platform Application Guidance	Tshikululu Social Investments	10h15 - 10h35
4	Funding Platform Portal Update	Jerrod Moodley	10h35 - 10h40
5	Questions and Answers	All	10h40 - 11h00

INTRODUCTIONS AND WELCOME

Ms Ollie Madlala

Communications Manager, JET PMU, The Presidency

WELCOME!

Housekeeping

Please **mute** yourself.

Write your name and organisation in the chat.

There will a dedicated Question and Answer session. Please write your questions in the chat. You may voiceover your questions in the Q&A session.

PRESENTATION ON THE JET FUNDING PLATFORM

Ms Nunu Ngoasheng

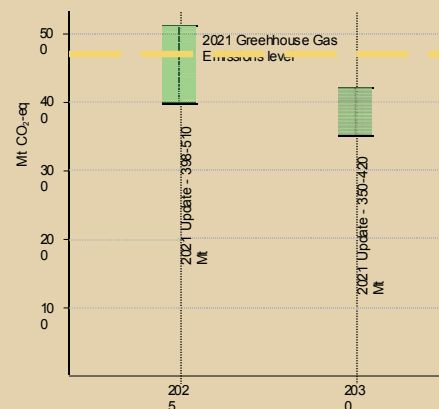

JET Funding Platform Analyst, JET PMU, The Presidency

JET Investment Plan 2023-2027

Published in 2022, South Africa's **JET IP 2023–2027** sets out the **scale of need and the early-stage investments** required for the country's Just Transition (JT) to a low-carbon and climate-resilient economy in line with its updated Nationally Determined Contribution (NDC) lodged with the United Nations Framework Convention on Climate Change (UNFCCC) in 2021.

To decarbonise the economy to within the target range by 2030

350-420 Mt CO₂ eq

requires initial funding of

**~ ZAR 1.5 trillion
over five years 2023-2027**

from multiple sources

- Developed countries
- Private sector investors
- Development Finance Institutions
- Government
- Philanthropies
- Multilateral Development Banks

in three priority sectors

Electricity

New Energy Vehicles

Green Hydrogen

and two cross-cutting areas

Skills development

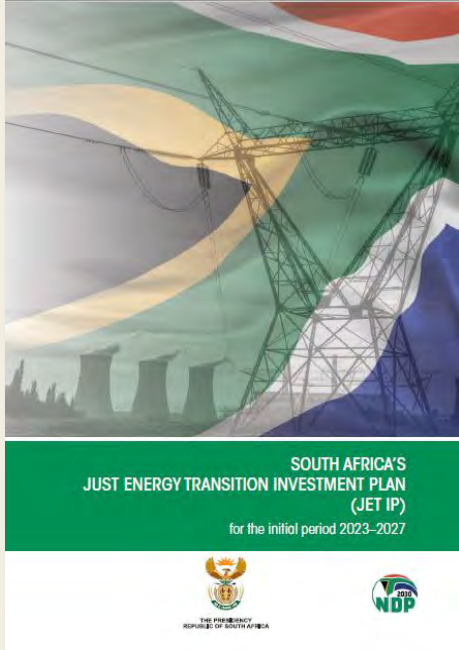

Municipalities

through a
Just Energy
Transition that

- Protects vulnerable workers and communities
- Builds energy security
- Expands energy access
- Promotes industrial development

- Drives innovation
- Develops sustainable livelihoods
- Enables economic diversification
- Spurs inclusive economic growth

From the *JET Investment Plan* to the *JET Implementation Plan*

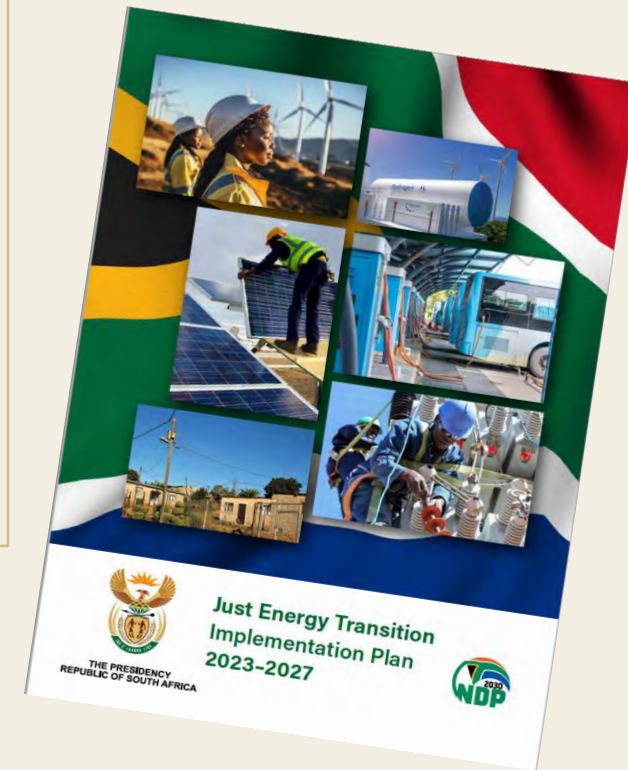

At the launch of the *JET Investment Plan 2023-2027* in November 2022, the President asked the Presidential Climate Commission (PCC) to take it into public consultations.

The President handed the JET IP to the Heads of Government of the International Partners' Group (IPG) at COP27 in Egypt in November 2022. At COP26, the IPG had pledged \$8.5 billion in loans and grants towards South Africa's JET.

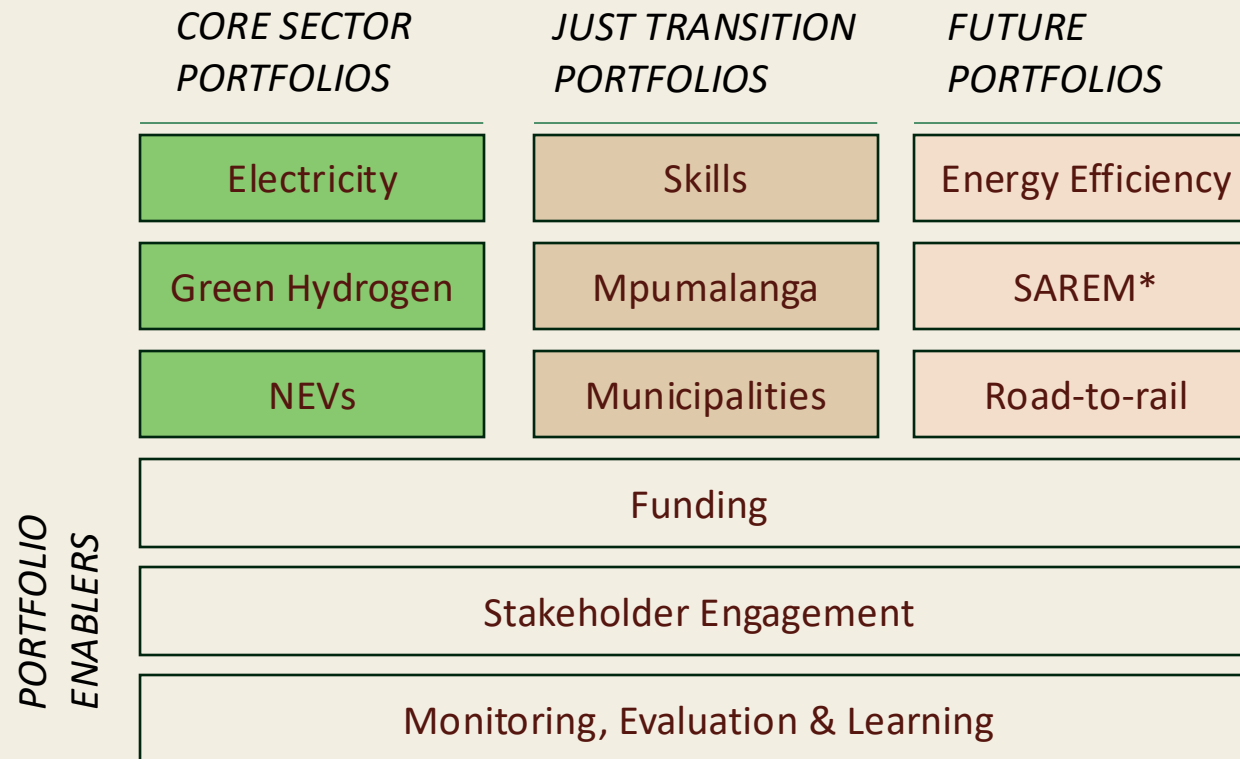

In January 2023, in parallel with the PCC's widespread stakeholder consultations, the Presidency established the JET Project Management Unit (PMU) to build on stakeholder feedback to prepare the *JET Implementation Plan*.

The *JET Implementation Plan* was approved by Cabinet in November 2023 and presented by the President to the Secretary General of the United Nations at COP28 in Dubai in December 2023.

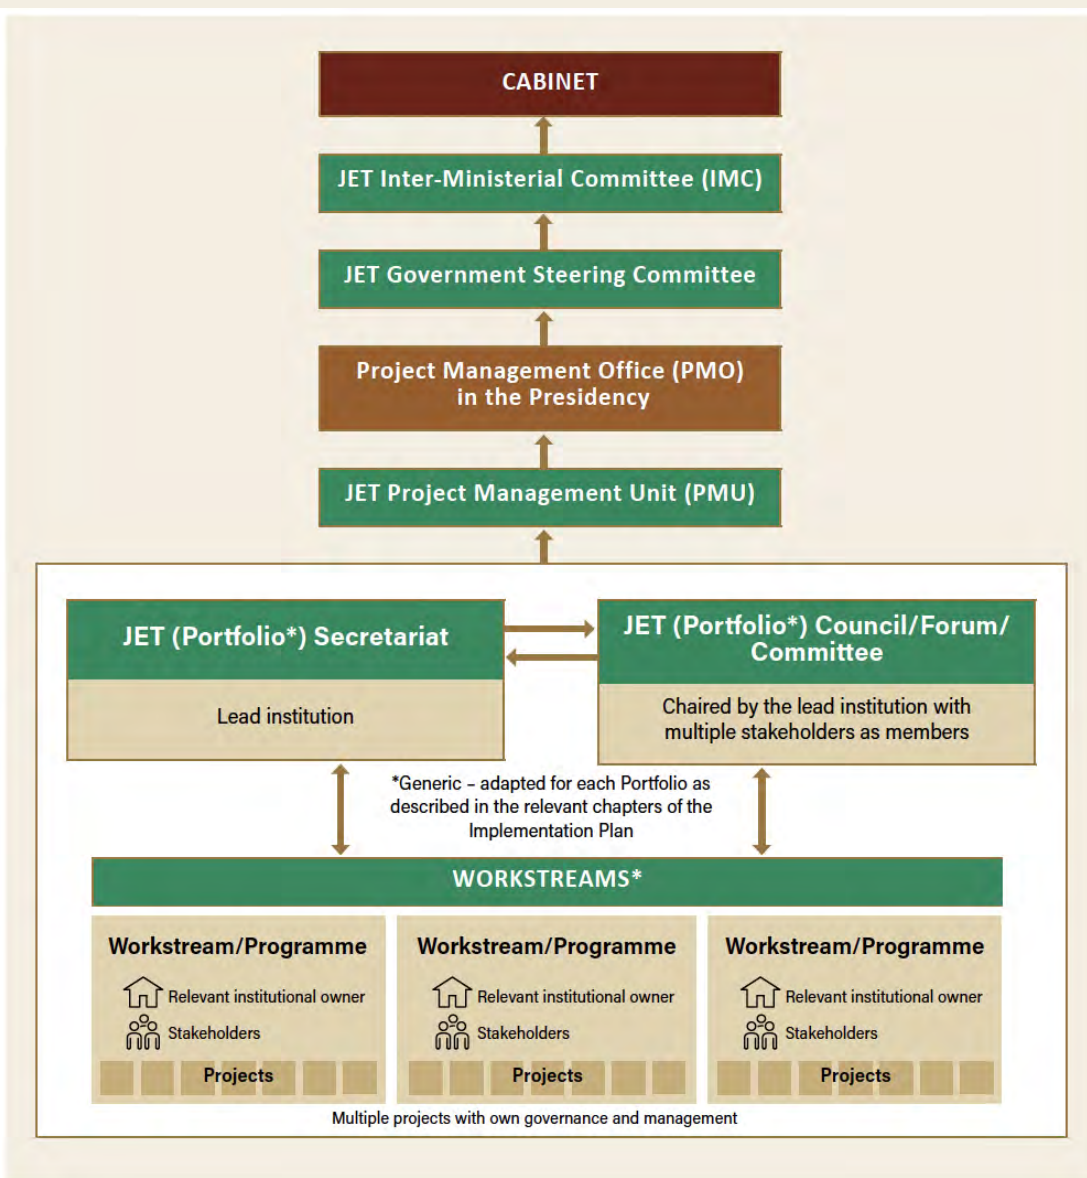

JET Implementation Plan Portfolios

The *JET Implementation Plan* is a **roadmap** that enables South Africa to take targeted strides towards meeting its **decarbonisation** commitments in a manner that delivers **just outcomes** for those affected by the energy transition and that contributes to **inclusive economic growth, energy security, and employment**.

*South African Renewable Energy Masterplan

JET IP Governance and institutional architecture

The **JET IMC**, chaired by the Minister of Electricity & Energy, provides inter-sectoral political leadership and updates Cabinet on the JET implementation.

The **JET Government Steering Committee** of multiple departments and DFIs, provides operational leadership, guidance, and co-ordination for the implementation of the JET IP, and makes recommendations to the **JET IMC**.

JET PMU in the Presidency

- Provides and supports the roadmap for JET IP implementation.
- Convenes role-players and builds partnerships for JET IP delivery
- Finds innovative solutions to JET implementation problems
- Mobilises and guides sources of finance to address JET IP needs
- Ensures transparent monitoring and evaluation of JET IP delivery and results.

Each **JET Portfolio** is chaired by a lead institution and has:

- A multi-stakeholder JET Council/ Forum/ governing structure to lead and plan
- A dedicated JET Secretariat to manage, mobilise finance, and monitor
- Workstreams/programmes led by relevant institutions, supporting multiple projects with their own governance and management.

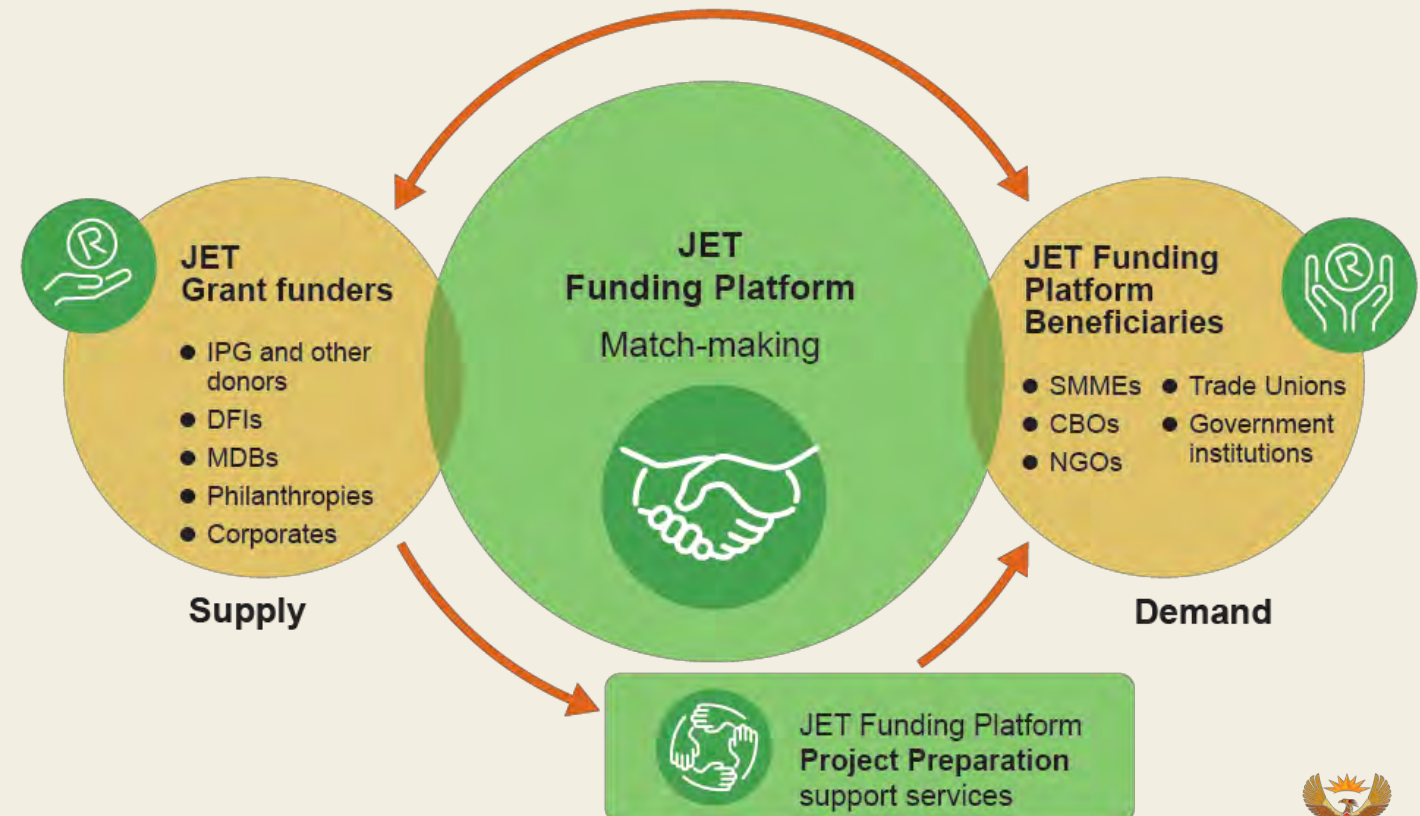

What is the JET Funding Platform?

- The JET Funding Platform has been established to be a **matchmaker** between suppliers of **grant funding** and **potential JET beneficiaries**
- Provide **project preparation** support services to JET project originators to help them prepare plans and apply for grants
- Provide the public with **regular analysis** on the deployment of grant funds to JET projects.
- The **JET Funding Platform launched on 25 October 2024** in eMalahleni, Mpumalanga with the aim to match 5 projects in 2024 (R100mn) and 26 matched projects by 2026 (R2.5bn)

Improve access to grants with match-making

Build project pipeline with Enterprises, NGO's, Communities, Labour and Government entities

Promote transparency and shared knowledge

What are the Benefits to Matchmaking?

Better allocation of budgets to the Just Transition

Improved visibility projects and JET Grant investments

Leveraging the JET M&E system for impact and measurement reporting

Co-investment with other funders for scale and risk sharing

Improved access to local and international sources of grant funding

Match-making removes intermediaries and lowers friction costs

Additional support on project preparation where required

Platform provides guidance on JET criteria and promotes shared knowledge

What are Focus Areas of the JET Funding Platform?

Social and economic support for affected communities and workers

Economic diversification planning, with a particular focus on Mpumalanga

Start-up capital, alongside debt and equity, for new enterprises in transitioning coal regions

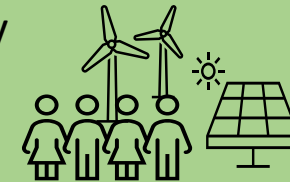

Credit enhancement for small, medium and micro- enterprises (SMMEs)

Reskilling and upskilling initiatives for workers entering the green economy

Piloting renewable energy community ownership models

Research, innovation, and intermediary support for community development

Capacity building for both state institutions and community-based organisations

Technical assistance for project preparation and business development support

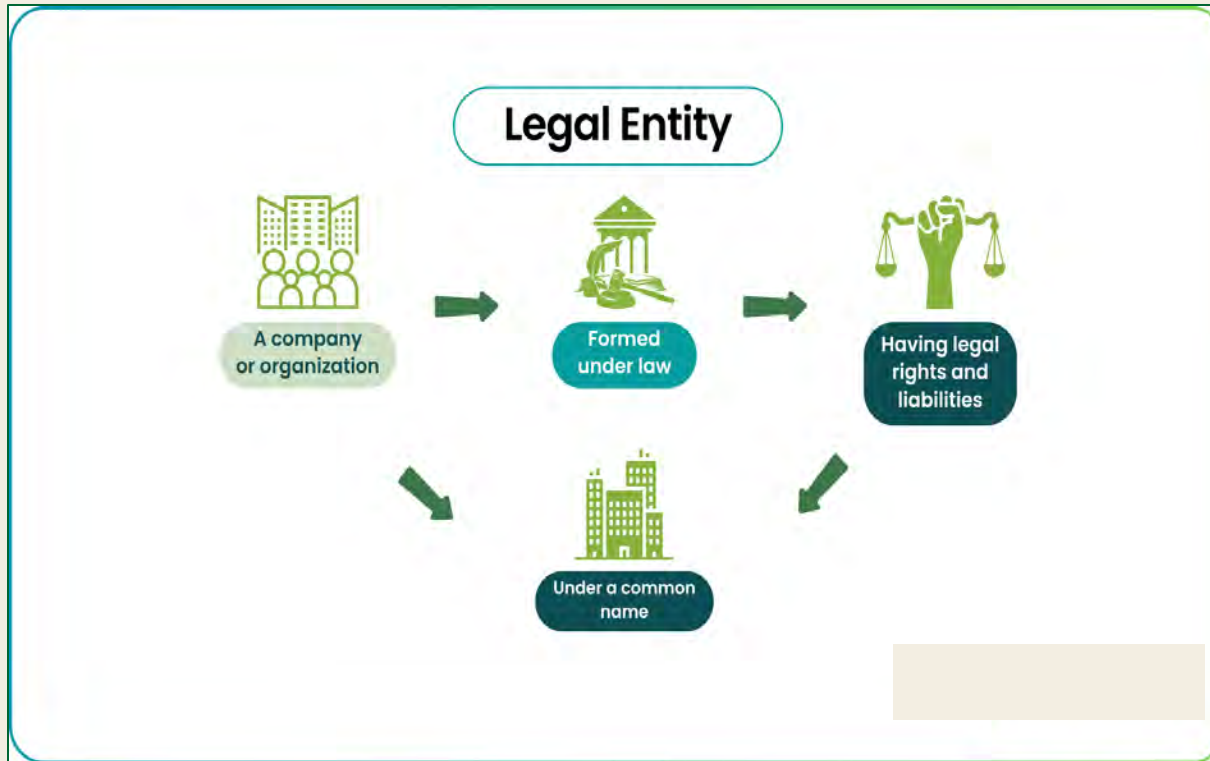

Who Can Apply?

Any juristic person may apply for funding of a JET project

Juristic person definition

- A juristic person in this regard includes, but is not limited to, a company, a close corporation, a trust, a co-operative, a partnership, a non-profit organisation, an unincorporated joint venture, a public entity (such as a municipality or municipal entity), an educational institution, trade unions, a training institution.

What is the JET Eligibility Criteria?

The JET eligibility criteria consists of two stages, pre-qualifying criteria and an in-depth assessment following the project meeting the pre-qualifying criteria

Pre-qualifying criteria

1

Governance

The governance element checks that the project has a credible implementor through screening implementors as well as key governance elements about the project

2

Complying with the definition of a Just Transition project

For a project to comply with the definition of a JET project, it has to either meet socio-economic outcomes or green and socio-economic outcomes

In-depth assessment

1

Climate mitigation

2

Transition enabling outcomes

3

Community empowerment and ownership

4

Transformational outcomes

5

Impact and sustainability

The eligibility criteria comprises of two stages. A project must first have the proper governance to be implemented, and meet the definition of a just transition project before it can be assessed on its quality.

Once it passes the pre-qualifying criteria, the project's quality is determined based on the pillars that are applicable to it. There are five pillars in general used to assess project quality and how the project will meet the objectives of the just transition. Project scores are weighted based on where the project falls.

Project Assessment guidelines

1

Climate Mitigation

1. Emission reduction
2. Renewable energy integration
3. Energy efficiency & conservation
4. Land use & carbon sequestration
5. Circular economy & waste reduction

2

Transition enabling outcomes

1. Long term economic resilience
2. Infrastructure development
3. Economic diversification
4. Capacity building & skills development
5. Job creation and workforce transition
6. Access to finance and resources

3

Community empowerment and ownership

1. Community engagement & participation
2. Local ownership
3. Capacity building & leadership development
4. Institutional strengthening & governance
5. Social equity and inclusion

4

Transformational outcomes

1. Systemic change
2. Innovation and scalability
3. Behavioural shifts
4. Policy influence and structural reforms

5

Impact and sustainability

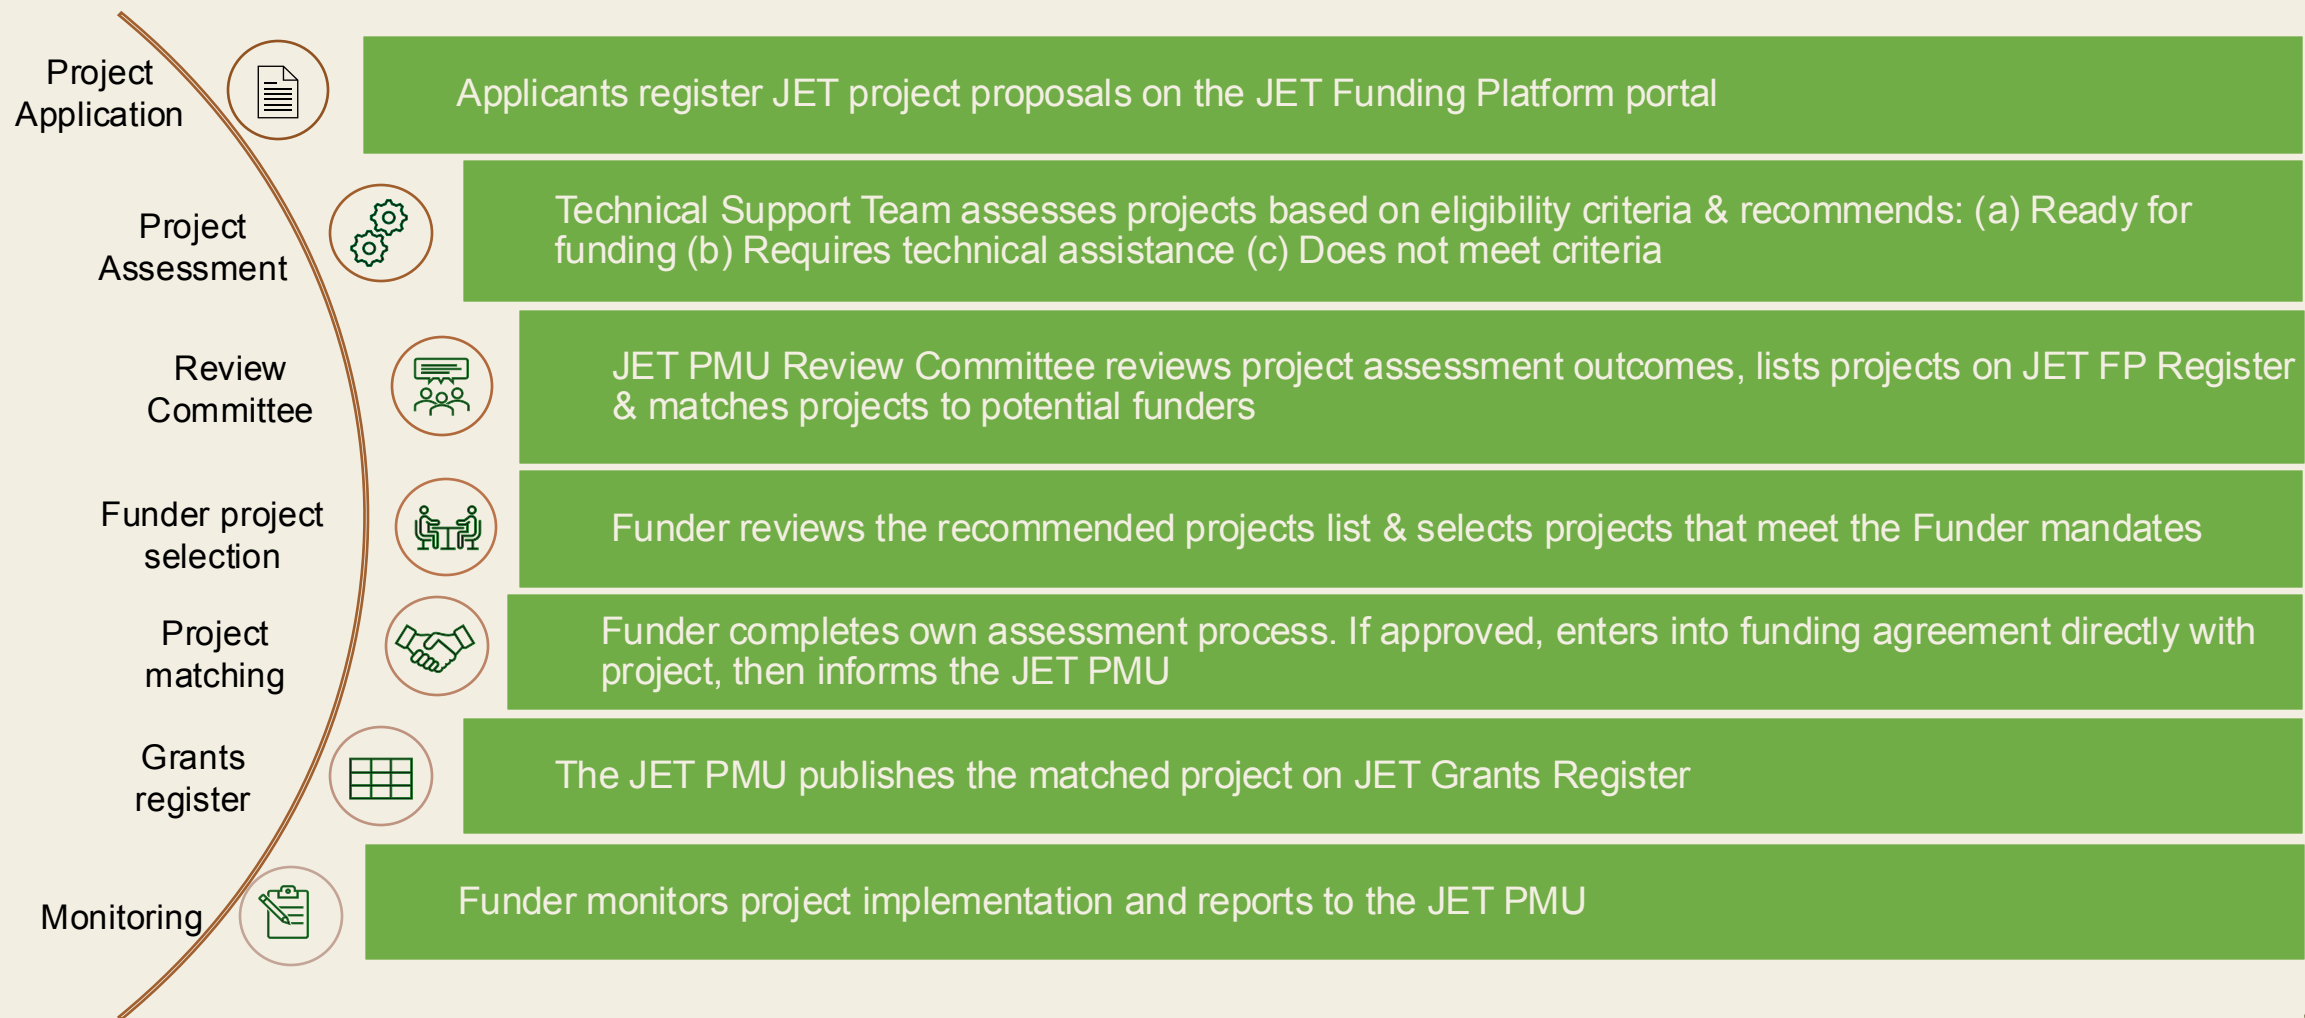

1. Long-term environmental & social impact
2. Financial and operational sustainability
3. Monitoring, evaluation & adaptability
4. Community & stakeholder long-term impact

6

Governance and compliance

1. Juristic entity registration
2. Tax compliance
3. Management & leadership track record
4. Reputational factors

Overview of the Funding Platform process

How long after I submit will I get a response and closing date?

We will target to complete your application within a 90 day period provided all the documents are submitted.

Closing date of current application window : 13 December 2024

User Support

Is your project JET aligned?

- Before creating an account or submitting an application, please explore the platform's FAQ section.
- Read the Platform's Terms of User on the FAQ tab labelled 'What are your data privacy terms and conditions?'. By continuing with the application, it is deemed that you have read the Terms of Use and agree with them.
- The proceed to read the tab "What qualifies to be considered a Just Energy Transition aligned project. This will ensure you understand the requirements for aligning with Just Energy Transition (JET) standards.

Instructions:

- Navigate to the FAQ section on the main menu.
- Select the tab labeled, "What qualifies to be considered as a JET-aligned project?" or click [here](#)

Ready to Begin Your Application

- Now that you have reviewed the funding criteria and confirmed your project's eligibility, it's time to begin your application!

Before You Start:

- Ensure you have your project's business plan and proposal ready to upload later in the process.
- To request a proposal template, email: helpdesk@tshikululu.org.za

Accessing the Login Section

- **Navigate to the funding platform's login section.**
- **You have two options: Login or Register**
- **If you already have an account: Log in with your email and password.**
- **If you are new to the platform: Click Register to create an account.**

Log onto <https://jetfundingplatform.org.za>

Registering a new JET Funding Platform Account

- After submitting your registration you will be taken to the registration validation tab.
- Use a strong password you will remember
- To register, complete the form with:
 - Project name
 - Organisation name
 - Contact Persons' First name and surname and
 - Valid email address
- When completed, click “Next” to submit your registration.

Register account

Enter the registration details for your account.

Verifying Your Account

- Check your email inbox for a verification link
- If you do not see it, check your spam or junk folder
- Click the link in the email to verify your account
- If you did not receive the email, select “click here to resend” to request another verification email from the system server

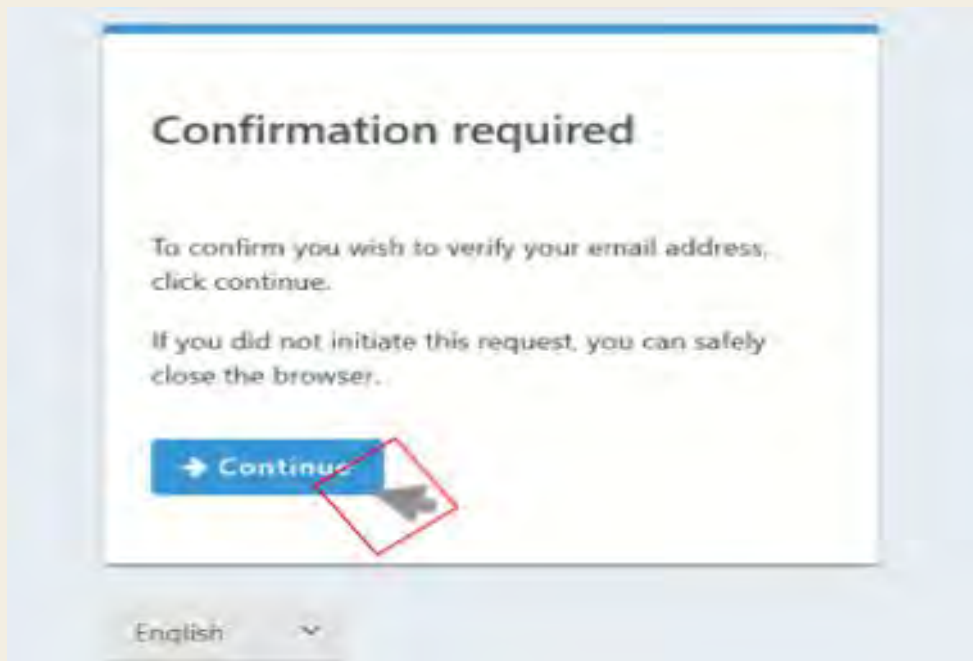

If you have not received the email in your mailbox, please check your Junk email or Spam folders on your mailbox as highlighted

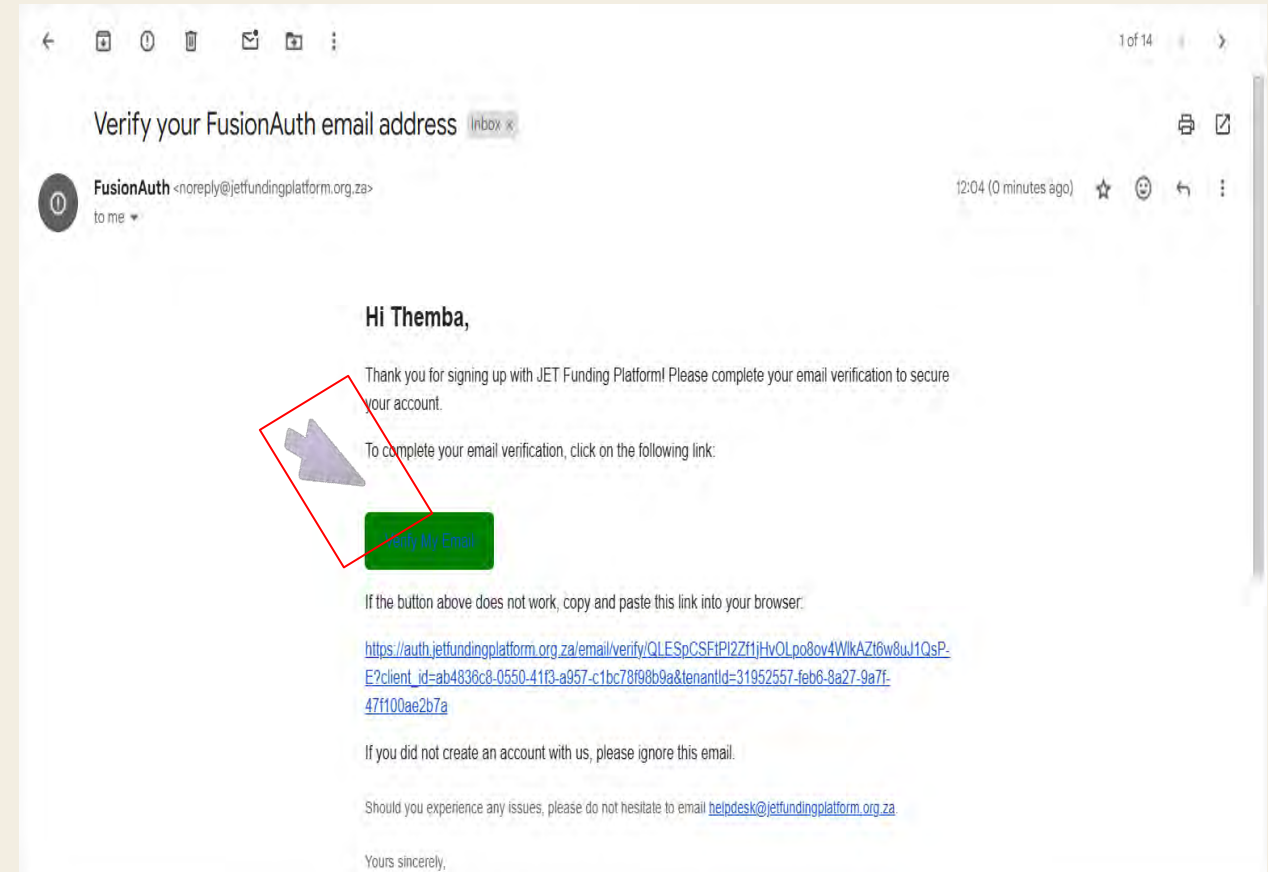

Verifying Your Account

In the email, select the "Verify My Email" link to complete verification

Alternatively, if the button does not work, click the blue link provided below in the email to verify your account

Log onto <https://jetfundingplatform.org.za>

Starting Your Application

Once your account is verified, return to the platform and click Continue to application to start with your application.

Application stages

Step 1

- Contact Information – In this step, you will provide the primary and alternative contact details of your organization or project

Step 2

- JET Project Information – In this step, you will provide information about the project such as project sector, beneficiaries and Objectives

Step 3

- Project Funding Requirements – In this step, you will specify project funding requirements, including funding received and project sustainability plans

Step 4

- Organisation Information – In this step, you will be required to provide details regarding your organization registration details, board members and management

Step 5

- Supporting Documents – In this step, you will be required to upload critical documents that support the application such as registration, financials, governing and project documents

Step 1

- Contact Information – In this step, you will provide the primary and alternative contact details of your organization or project

- Fill in contact details for the primary contact person and alternative contact for your project
- Click Next or Save to continue or save progress

Step 2

- JET Project Information – In this step, you will provide information about the project such as project sector, beneficiaries and Objectives

Provide the following details about your project:

- Project Name (auto-populates if already entered on the registration screen),
- Current phase of the project
 - **Conceptual:** Select this if your project is still in the idea or planning stage
 - **Testing Feasibility:** Choose this if you're currently assessing the practicality and viability of the project
 - **Implementation:** Choose this if project is actively being carried out or awaiting funding to be carried out
- Partnership information – Select and complete this if you have any other organisations partnering with you to carry out the project
- Beneficiaries – State the direct and indirect beneficiaries of the project e.g. Direct 40 female trainees, Indirect: 300 children, etc..
- Project Sector - Select which sector the project best fits.
- Project Implementation Area – Select the province as well as municipality where the project will be implemented.
- Project Objectives – Select the main objectives of the project.

Step 2

• JET Project Information – Screenshots

STEP 2: JET PROJECT INFORMATION

Project Name: What is the name of the Project?

Project Name

Indicate the current phase of your project?

- ☒ Conceptual
☐ Testing Feasibility
☐ Implementation

Is your organisation partnering with another organisation to implement the project?

- ☐ Yes
☐ No

Who are the beneficiaries of the project?

Project partner/s

In which sector or industry does the project fit?

Select sector

In which Province will the project mainly operate?

Select province

In which sector or industry does the project fit?

Select sector

In which Province will the project mainly operate?

Select province

In which District Municipality will the Project mainly operate?

Select district

List the Towns/Villages/Areas the Project operate in?

Type your message here

Select the objective that best describes the project:

Select objective/s

Step 3

- Project Funding Requirements – In this step, you will specify project funding requirements, including funding received and project sustainability plans

STEP 3: PROJECT FUNDING REQUIREMENTS

What is the total estimate project cost in rands?

R 0.00

How much funding is required for the project in rands?

R 0.00

Has the project received any funding to date?

☐ Yes ☐ No

Does the project require any non-financial support? i.e. land or infrastructure.

☐ Yes ☐ No

Provide details on how the project will be sustained in the long-term?

Type your message here

Step 4

- Organisation Information – In this step, you will be required to provide details regarding your organization registration details, board members and management

STEP 4: ORGANISATION INFORMATION

Name of Organisation (full registered name)

Organisation Name

Recognised acronym or 'trading as' name

Trading name

What type of entity is your organisation?

- ☐ Private
- ☐ Public
- ☐ Public Private Partnership
- ☐ Non-profit

SUPPORTING DOCUMENTATION

PLEASE REVIEW THE THE LIST OF SUGGESTED SUPPORTING DOCUMENTS, AND UPLOAD ALL THAT APPLY.

- Founding Documents (i.e. Constitution, or Trust Deed or Memorandum of Incorporation)
- Registration Document (i.e. CIPC document showing your company registration and list of board members or Letters of Authority)
- Copies of Board Members' IDs
- Copies of Board Members proof of residential address
- SARS Public Benefit Organisation (PBO) certificate
- NPO certificate
- Valid SARS Tax Pin (Obtained from your SARS e-filing profile)
- Annual Financial Statements (Not older than 18 months)
- Current Management Accounts
- Bank Confirmation letter (Not older than 3 months)
- Recent 6 months bank statement
- Proof of Address of entity (Not older than 3 months)
- ID copy or valid passport (If applicant is an individual)
- Reference letters (Any letters of reference you wish to attach)
- Business Plan and Project Proposal
- Photographs (Any photographs you wish to attach)
